

ISO 14001:2004 Interpretation and Appreciation One day workshop

Programme

Duration: 9.00am – 4.30pm

Aims: This workshop is designed to provide an introduction and basic understanding of the Environmental Management Standard ISO 14001:2004 for those new to the Standard or those who wish to refresh their knowledge and skills. It would provide the ideal grounding prior to attending our ISO 14001:2004 Internal Auditor workshop.

Objectives: *At the end of the workshop delegates should be able to:*

- Define the term 'Environment'
- Appreciate the ethos behind ISO 14001:2004 and what the Standard aims to achieve
- Understand the links with other Standards such as ISO 9001:2008 and BS OHSAS 18001
- Understand the requirements of the Standard and how the clauses interact
- Identify environmental Aspects and Impacts
- Understand how to handle environmental legislation
- Prepare an implementation Action Plan
- Understand the structure of a typical documented Environmental Management System

Content:

- What is the 'Environment?'
- Ethos behind the Standard – what the Standard aims to achieve
